# PRESERVATION BOXES FOR MUSEUMS LIBRARIES ARCHIVES

Riley Dunn & Wilson specialise in providing made-to-measure solutions to the specific preservation problems of curators, librarians and archivists.

Safe, cost-effective storage for documents, works of art and books is assured by a range of custom-made boxes and enclosures. We use the best quality materials and construction to ensure an acid-free environment, structural strength and appropriate appearance.

Efficient craft manufacturing techniques allow us to provide individual title lettering, one-off orders and custom sizes without heavy cost penalties or lengthy delivery schedules.

Remember that materials housed in boxes will have added protection in the event of fire or flood damage. For more information on our disaster recovery services please visit the website. [www.rdw.co.uk](http://www.rdw.co.uk)

For further information and advice on archival storage and conservation, please contact our Sales & Marketing department. [sales@rdw.co.uk](mailto:sales@rdw.co.uk)

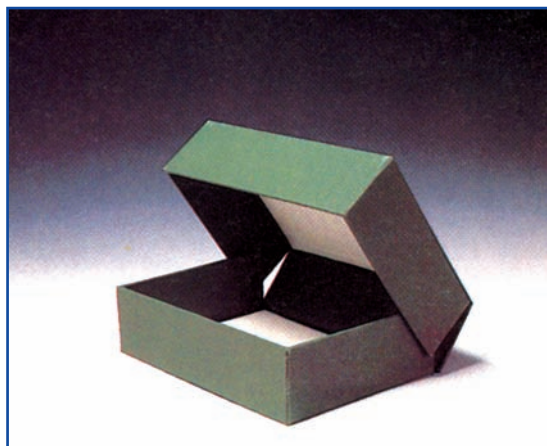

## Safeguard Museum Box

The strong, rigid ply/composite construction of this Solander box combines maximum accident protection with a stable acid-neutral environment for prints and drawings, documents and books. Its low weight and cabinet clasps make for ease of use. The ultimate Solander box, in a choice of waterproof or archival buckram colours, with gold lettering blocked on the spine fabric or with gold-blocked skiver leather spine labels.

### TECHNICAL SPECIFICATION

CONSTRUCTION:	¼" PLYWOOD FRAME, BEST QUALITY MILLBOARD SHOULDERS (pH 6.2)
COVERING:	PYROXOLIN-IMPREGNATED LIGHTFAST, MOISTURE & VERMIN RESISTANT LIBRARY BUCKRAM

## Special Boxes

We can meet individual specifications for presentation boxes, private archives or enclosures for unusual items. These can include rounded spine, leather, gold tooling, ring binder mechanism and fabric or marbled linings, to provide a box appropriate to the value of its contents.

## Extras

All Riley Dunn & Wilson boxes can be supplied with tailor-made acid-free document envelopes, polyester wallets and ring binder mechanisms.

See our separate brochure for the range of buckram and leather colours available for binding and box-making.
